

Forever White

Forever White containing STERITOUCH actively prevents the growth of bacteria, mildew and black mould that are commonly found in areas of high humidity. With STERITOUCH anti-bacterial solution integrated into the manufacturing process, Forever White is guaranteed to stop mould, mildew and bacterial growth. Forever White is independently tested and certified by an independent microbiological laboratory to show no mould growth after more than 10 yrs simulated ageing. Forever white is permanently waterproof and flexible and is produced from a

superior silicone formula. Certified under the harmonized European standard EN15651 for façade, cold climate and sanitary applications in compliance with the Construction Product Regulation

Available In

WHITE 300ml

Areas for Use

- For sealing showers, baths, wet-rooms, sanitary ware, ceramic tiles, kitchens and all applications in areas of high humidity where maximum hygiene protection is required.
- Also ideal for sealing around window and door frames internally in areas subject to high condensation.

Limitations

- Do not use in aquaria; use Aqua mate Sealant
- Do not use against surfaces that bleed oil or plasticizers, or against bitumen/pitch based products.
- Not intended for exterior use.
- It is always the user's responsibility to determine suitability of use. If in doubt request technical data or contact Technical Services department before use.
